KGC AT A GLANCE

Khalsa Gurmat Center, a community-oriented 501(c)(3) non-profit organization, is dedicated to promoting education, empowerment, and civic engagement for children and community members. To fulfill this mission, the center has established an enriching school for kids and organized healthcare, parenting, and legal clinics. Additionally, it has formed collaborative partnerships with various government and non-profit organizations.

Since 2006, the committed team at Khalsa Gurmat Center has been serving children and families in the Seattle region of Washington State. The center was formally incorporated in 2014. Our belief is that by uniting as a community, we can nurture every child and ensure they lead inspired lives. This necessitates a partnership between families, teachers, and administrators to create an environment that fosters learning and personal growth.

The success of the center and the communities we serve relies on generous support from corporate sponsors. We offer sponsorships tailored to align with our partners' marketing and community outreach needs. By supporting us, companies can position themselves as philanthropic leaders and gain excellent opportunities to market to the community.
